

Carbon nanotubes and graphene nanoribbons

This page provides links to various nanoHUB resources related to carbon nanotubes (CNT) and graphene nanoribbons (GNR).

- The [CNTbands tool](#) simulates CNT and GNR.
- [This tutorial](#) introduces various nanoelectronics simulation tools, including [CNTbands](#)
- A [learning module](#) is also available for CNT and GNR
- Another [learning module](#) is available for [CNTbands](#).
- Professor [Supriyo Datta](#) has [a lecture](#) on CNT.
