

**MATERIALS SCIENCE  
& ENGINEERING**  
TEXAS A&M UNIVERSITY

**TRANSFORMING** MATERIALS EDUCATION

## Summer Research Experience for Undergraduate Students in **MULTIFUNCTIONAL MATERIALS**

**NSF-REU**

Texas A&M University's National Science Foundation funded  
**Research Experience for Undergraduates**

**NOW ACCEPTING APPLICATIONS**

Join a dynamic research team to participate in simulations and experiments. Develop laboratory and modeling skills. Design, test and optimize multifunctional materials.

### **RESEARCH AREAS IN MULTIFUNCTIONAL MATERIALS**

Shape-Memory Alloys  
Multifunctional Polymers  
Nastic Materials  
Materials for fuel cell systems and batteries

### **QUICK FACTS**

10-week summer program: May 29 - August 3, 2018  
\$5,000 stipend  
On-campus housing and travel support  
GRE training sessions and professional development seminars  
Poster session with 150+ students from different REU programs

### **APPLY NOW!**

Application deadline: February 9, 2018
