CALL FOR PROPOSALS

The nanoHUB User Conference brings together users from research, education, and industry to network and learn from each other as well as from the nanoHUB team. Join us this year at Purdue University and hear from experienced users how nanoHUB is integrated into their research/classrooms, discover how nanoHUB is used in projects, and learn how to apply this information through a series of workshops offered by nanoHUB experts.

Want to share how you (or your team) use nanoHUB in research, education, or other applications?

Submit a short abstract detailing your topic along with the title and author names to contact@nanohub.org. Submitted proposals will be reviewed for both poster and oral sessions unless otherwise noted. Authors whose topics are accepted will receive discounted conference registration (limited to the nanoHUB User Conference).

IMPORTANT DATES

Abstract Submissions Deadline

June 15th, 2015

Authors Notified of Acceptance

July 15th, 2015

Poster Submissions Deadline

August 1st, 2015
